👤 PROFILE

BSc IT graduate transitioning from web development into data analytics. Currently building practical skills in Python, SQL, and data analysis through academic projects and self-learning. Has exposure to working with data, basic machine learning concepts, and dashboards, with a strong interest in turning data into meaningful insights. Motivated, detail-oriented, and seeking a junior or graduate data analyst opportunity.

🧠 SKILLS

Data Analysis & Programming

- Python (basic data analysis, data manipulation)
- SQL (data querying, filtering, joins)
- Excel (basic analysis)

Tools

- Git & GitHub
- VS Code
- MySQL Workbench

Web Development (Foundational)

- HTML
- CSS
- JavaScript

Databases

- MySQL

Soft Skills

- Analytical thinking
- Problem-solving
- Attention to detail
- Communication
- Time management

📁 PROJECTS

02/2025 – 11/2025

Early Warning System – Data Analysis & Machine Learning Project

Academic capstone project

- Analyzed historical student data using Python to identify patterns related to academic risk
- Applied basic machine learning classification techniques to predict at-risk students
- Used PostgreSQL to store and retrieve structured data
- Created a simple interactive dashboard using Streamlit to display insights and predictions
- Focused on understanding how data can support decision-making in an academic environment

05/2024 – 08/2024

Portfolio Website

Personal project

- Designed and developed a responsive personal website using HTML, CSS, and JavaScript

01/2025 – 02/2025

Landing Page

Personal project

- Created a clean, responsive landing page using custom CSS

PROFESSIONAL EXPERIENCE

08/2025 – 11/2025
Cape Town

Front End Developer Intern (WIL)

Masterpiece Designs

- Developed and maintained responsive user interfaces based on client requirements
- Worked closely with project requirements and structured content, improving logical thinking and attention to detail
- Used Git for version control and followed structured development workflows
- Gained exposure to working across both front-end components and backend data connections

EDUCATION

02/2023 – 12/2025
Cape Town

Bachelor of Science in Information Technology

Richfield College

Graduated: 2025

01/2017 – 12/2021
Midrand, South Africa

National Senior Certificate

Ivory Park Secondary School

Bachelor's Pass with a distinction

LANGUAGES

Shona – Native/Bilingual

IsiZulu – Fluent

English – Fluent

CERTIFICATES

- Data Science Math Skills - Coursera
- Introduction to Python & Programming - Sololearn
- Responsive Web Design - freeCodeCamp
- Diploma in CLEP College Algebra - Alison
